

FayeBSG Releases Sage Chargebacks & Deduction Management Enhancement for Sage 100

Faye Business Systems Group has released a Sage Chargebacks & Deduction Management Enhancement for Sage 100 to allow users to more effectively manage chargebacks and deductions.

WOODLAND HILLS, CA (PRWEB) FEBRUARY 09, 2020

Sage Gold Partner Faye Business Systems Group has announced the release of their Sage Chargebacks & Deduction Management Enhancement for Sage 100, adding to their expanding suite of Sage 100 Add-Ons and Enhancements.

The Sage Chargebacks & Deduction Management Enhancement for Sage 100 allows users to more effectively manage chargebacks and deductions from customers by providing the ability to enter custom deduction codes into cash receipt entries to track the reasons for deductions.

Following the update of cash receipt entries, reporting is available to provide detailed visibility into chargebacks by customer, by date, and by reason. Users can use this to better manage customer chargebacks and to enable more effective negotiations with customers around chargebacks.

Key Benefits include:

- Creation of Deduction Reason Codes
- Entry of Deduction Codes in Cash Receipts Entry
- Detailed Deduction Report
